

## Salford Reading Progress

Since the removal of National Curriculum levels and the publication of the Roachford review, which will see the end of P scales, there is now a lack of a common framework to judge pupil progress on. Therefore we are beginning to analyse and publish reading age data, as this is a common framework that pupil progress can be judged upon.

76.4% is equal to 74 Pupils

15% is equal to 16 Pupils
