92% of Post 16 leavers made at least 1 level of progress during Post-16. Our Post-16 cohort tends to be the lower ability pupils remaining after year 11 and the higher ability moving on to college destinations. Pupils who do not achieve 1 levels or more progress within Post-16 are exposed to a broad range of different accredited courses and experiences which include college placements, work experience placements, independent travel training and independent living skills.
